

TABURETT

Taburett

Taburett is a product for those requiring a stool that is functional yet beautifully designed. Its elegant shape and sleek base provide highest comfort and full range of motion for the upper body.

Taburett upholstery is available in a wide range of standard leather, vinyls and textile and can also be provided in custom colours to match your colour palette.

Taburett has the same bowl-shaped seat as our exclusive Support stool, signed Bruno Mathsson. The seat can be tilted up to 15 degrees and can also be adjusted for height.

We offer a broad selection of gas springs so that the stool can accommodate every stature. For optimized use, the Taburett may be complemented with our accessories.

Customization options

Footring: Adjustable in height, providing relief for those requiring higher working positions.

Foot activator: For those requiring height adjustment without the use of hands.

Armrest: Equip your chair with our arm rest SWING. Its unique C-shape enables it to be used both as an arm rest as well as chest support when in a forward leaning working position. Its thick padding provides the highest working comfort. Arm rests are offered in two sizes and delivered in colours matching the chair.

ACCESSORIES

Foot ring
